At Taleo, you'll find more than just a job. You'll join a community of ambitious consultants who share a passion for growth, innovation, and teamwork. Together, we create an environment where you can develop your skills, take on new challenges, and truly make a difference.

What Will You Do?
At Taleo Consulting, we believe that **our growth starts with our people**. When our consultants thrive, so do our clients.
Motivated, curious, and passionate professionals make a real impact, not only on their own careers but also on the success of the organizations they support.

We're looking for individuals who **embody our values** and help us foster strong, trust-based relationships with both our **clients** and our **teams across the globe**.
Our success is built on the **talent, collaboration, and commitment** of our people and we're now looking for a **Project Manager – AI-Powered Payments** to join our journey and support a client in the banking sector.

- Lead the transition of a Proof-of-Concept into an industrial-grade, AI-powered payment tool with measurable business value
- Ensure compliance with internal risk, legal and compliance frameworks
- Work with the AI team and payment experts on precision, accuracy, zero hallucination and auditability of AI-generated responses
- Co-design evaluation frameworks, run user-acceptance testing and implement guardrails for business-grade reliability
- Define and monitor performance and scalability KPIs for production volumes

- Lead client workshops and study customer behavior to drive adoption
- Lead the NAC process with legal, risk and compliance (esp. GDPR) for formal sign-off
- Design client onboarding across geographies and post-go-live maintenance
- Coordinate with IT Infra and Engineering for production deployment
- Identify key risks and mitigation steps, and consolidate market feedback
- Manage and influence stakeholders to keep all teams aligned
- Plan IT developments with product teams and own the commercial insertion (pitchbook, change management training, webinars)

How do we imagine our future Project Manager – AI-Powered Payments?

- 7+ years of experience in complex project or program management
- Master's degree in business management or similar
- Deep familiarity with ISO 20022 XML formats, currency rules, cross-border complexities, MyStandards and bank connectivity protocols
- Working knowledge of the GenAI ecosystem; sound understanding of LLMs, RAG and their limitations
- Strong delivery mindset to turn a POC into an industrial-grade product
- Structured problem-solver, collaborative, able to deal with ambiguity and identify the critical path
- Able to present complex topics to stakeholders in a simplified manner
- Nice to have: knowledge of cash management and bank connectivity
- Strong written and spoken French; fluent English
- 50% on site, 50% remote; some travel in Europe (mainly France)

We attract top talent and empower them with the right environment to excel and drive collective success.

Why should you join us?
By joining Taleo, you'll become part of a **talented, international, and dynamic team**.
You'll benefit from **real career growth opportunities**, continuous learning, and the chance to build **long-lasting relationships** across borders and industries.

If you recognize yourself in this description and are ready to grow with a company that values ambition, collaboration, and excellence, let's connect.
